

Large format FBB for various eye catching displays.

## BOARD PROFILE

## PRODUCT INFORMATION

- A lightcoated GC2 folding boxboard with cream reverse.
- The board has chemical pulp layers on both sides and pressure groundwood in the middle layer.
- Specially developed to deliver excellent stiffness and bulk attributes.
- A bulk to grammage ratio better than most comparable grades, offering huge yield advantages over competitor grades.
- A true all-rounder for when performance, sustainability and reliability are paramount.

## PROCESS SUITABILITY

Offset, flexo, rotogravure, digital printing, embossing and hot foil stamping.

## TYPICAL USES

- **GRAPHICAL:** Promotional displays and greeting cards.
- **PACKAGING:** Fragrance packaging, cosmetic packaging, premium packaging, confectionery packaging, high end drinks packaging.
